FOCUS PRODUCTS

SEPTEMBER — DECEMBER

BIG Kaiser Puts the Focus on Your Business and Profitability

We remain dedicated to keeping you productive and profitable by presenting our 2011 Focus Products Campaign. For the months of September — December, we have turned the focus to 2 common products most likely being used on your shop floor — boring tools and tool holders.

NEW!

KAISER® 318 SERIES

LIGHT WEIGHT LARGE Ø SYSTEM

PROMOTES HIGH SPEED AND SAFETY

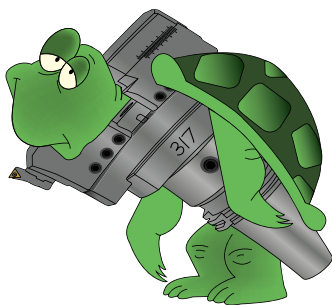

This new system is based on aluminum extension slides which support a variety of aluminum and steel components for roughing and finishing tool assemblies. The mounting components are pinned to fit onto specific locations on the slides, and secured with steel bolts for absolute safety at high speeds — up to 6,600 SFM!

- $\varnothing 7.87$ "-13.39" for ISO40/HSK-A63 tapers
- $\varnothing 7.87$ "-24.41" for ISO50/HSK-A100 and larger tapers (extendable up to $\varnothing 118$ ")
- Versatile system; rouging, finishing, pin turning and face grooving
- Accurate balancing without balancing machine by means of a two-piece counterweight slide and scale

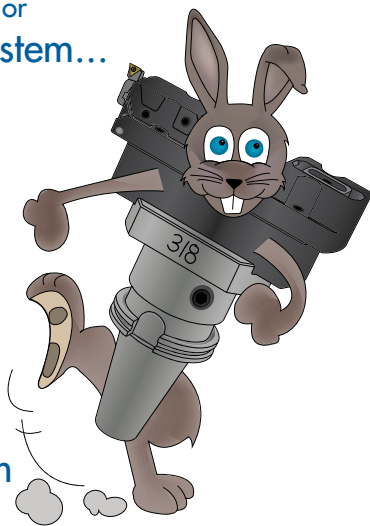

40% OFF
Kaiser 318 Series

with return of any Kaiser 317 assembly
or any large diameter boring system
from a competitor (must be over $\varnothing 8$ ")

Turn In Your Slow, Beaten, Worn Out or Scrapped Large Diameter Boring System...

...for Credit Towards a New, Light Weight and Faster Kaiser 318 System

Send us your older Kaiser 317 Series assembly or any competitors large diameter boring system assembly (must be over $\varnothing 8$ ") and receive a 40% discount on a brand new Kaiser 318 Series assembly. We will pick up the shipping charges (UPS Ground only) both ways! All components required for a complete tool assembly are eligible for the 40% discount — including a 10-insert pack.

Must mention promo code **PROMO-FPKAI** • Offer good from September 1–December 31, 2011

Limit 2 exchanges per end user • Free assembly & presetting upon request at time of order

Free shipping both ways for continental 48 states only
